

I am **an experienced financial adviser** and I want to ...

- Be a part of a holistic advisory firm with a wide service offering and a focus on building long-term financial return for clients*
- Enjoy the accessibility of a CBD office and tailored working arrangement specific to my situation including full or part-time, WFH or hybrid*
- Expand my professional network by partnering with an agency that has well-established industry connections*
- Reduce my administrative burden and compliance-related work to free up more time to focus on clients*
- Be supported by an established corporate service arm, including sales and marketing, research and training, HR and back-end management*
- Have a tailored remuneration package that is negotiated and is based on my performance*
